2. Technical Specifications

- **Sweden Timezone Sync:** All reporting and social posting scheduled via **Europe/Stockholm (CET)** logic.
- **Node Optimization:** Custom JavaScript mapping nodes for precise JSON schema validation.
- **Autonomous Monitoring:** 24/7 "Heartbeat" monitor tracking throughput and API latency.

📅 MODULE 03: Autonomous Social Content Engine (FB Automation)

Role: Automated Brand Dominance (Scheduled Posts + AI Creative)

1. The Creative Lifecycle

- **Daily Strategic Scheduling:** Automated posting at **8:30, 13:30, and 19:30 (CET)** for maximum engagement in European markets.
- **Imagen 4.0 Creative Hub:** AI generation of realistic, professional tech-repair imagery based on daily strategic themes.
- **Telegram "Human-in-the-loop" Portal:** Instant approval gateway via a dedicated Telegram group. Admin can **Approve** or **Cancel** with one click.
- **Direct Facebook Graph Integration:** Secure, high-speed posting directly to the business page using official Meta APIs.

2. Business Impact

- **Zero-Overhead Social Media:** No need for a social media manager; the system acts as a 24/7 creative agency.
- **Strategic Trust-Building:** Regular, professional, and localized (Swedish/English) content builds long-term authority in the market.

🎓 MODULE 04: DigyNex TMS (Transport & Edu)

Role: Operational Logistic Hub

- **Attendance Alerts:** Direct parent/client WhatsApp notifications on arrival.
- **Star Poster Gen:** Automatic congratulatory banners for top performers.
- **Fee Ledger:** Real-time balance tracking with automated late-payment reminders.
